

Training Approval Request: Advanced and Difficult Airway Workshop

Program Provider:

Provider Practice Essentials (PPE)

Format: Live, Interactive Didactics & Hands-On Simulator Training

Target Audience: Nurse Practitioners, Physician Assistants, and Physicians practicing in Emergency Medicine, Urgent Care, Acute Care, and Critical Care.

Program Overview

The Provider Practice Essentials 3-Day Combined Workshop is an intensive, high-yield medical training program that merges the 1-Day Advanced and Difficult Airway Workshop with the 2-Day Clinical Skills and Procedure Workshop. It is designed to enhance provider competence in decision-making under pressure, execution of emergency procedures, and advanced clinical assessments.

Return on Investment for the Practice

Investing in this comprehensive training ensures our clinical staff maintains the highest standard of evidence-based care. The practice directly benefits from:

- **Enhanced Procedural Competence:** Supervised, hands-on training with high-quality simulators minimizes complications and improves patient outcomes.
- **Streamlined Decision-Making:** Application of difficult airway algorithms and crash scenarios translates to faster, safer crisis management.
- **Comprehensive CME Compliance:** Fulfills substantial continuing education and emergency procedure hour requirements in a single consolidated event.

Accreditation & CME Value

Participants earn rigorous, multi-disciplinary continuing medical education credits applicable to NPs, PAs, and MDs/DOs:

- **10 Total CME / CE Hours**
- **8.5 Emergency Procedure Hours (Nurse Practitioner)**
- **1.5 Pharmacology Hours (Nurse Practitioner)**

Core Curriculum & Hands-On Training

1. Advanced & Difficult Airway Management

- Airway anatomy, assessment, and grading.
- Non-invasive and invasive escalation (CPAP, BIPAP, Endotracheal Intubation, LMA, OPA).
- Pharmacology options: sedatives, hypnotics, anxiolytics, and paralytic selection/dosing.
- Hands-on practice: standard and video laryngoscopy, fiberoptic scopes, and surgical airway indications.
- Individual simulated crash, routine, difficult, and failed airway scenarios.

About our Instructors

All of our physician instructors are residency-trained, board certified, and currently practicing in their specialty. Advanced Practice Providers must demonstrate maturity in their field and a strong ability to communicate to medium-sized audiences. All procedural competency is verified and demonstrated to lead faculty prior to live education. We require a minimum of 5 years of clinical experience and undergo an intensive training process to ensure all of our faculty members intimately understand and communicate the topics they teach. We invest much time onboarding our instructors to ensure they provide the best learning experience possible.

6:1 Ratio

To maximize procedural training and individual attention, we staff our programs with 1 instructor per every 6 participants. This makes group sizes intimate and allows for hands-on procedure guidance and group feedback without wasting time waiting for procedures. We do not exceed 30 students to ensure noise volume and attention is kept to a standard.

Program Locations and Travel

Our programs are held in hotel conference rooms in Orlando, Dallas, and Washington, DC. Flights into these locations are affordable, and our hotel rates are reasonable for the area. Participants are not required to stay at the hotel where the event is held, but are encouraged to do so for convenience.

Group/Custom Programs

In addition to our physical locations, we can create and customize a program for your organization. We can can come to you, or you can come to us. We are also able to reserve an entire event weekend for your group. For more information please call (239) 404-2073.

Accreditation for Physicians, Nurse Practitioners and Physician Assistants

This activity has been reviewed by the American Academy of Physician Associates Review Panel and is compliant with AAPA CME Criteria. PAs should only claim credit commensurate with the extent of their participation. AAPA credits are interchangeable with all Nurse Practitioner Boards

The AAFP has reviewed the Physician Skills and Procedures Series, and deemed it acceptable for AAFP credit. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Clinical Toolkit

Provider Practice Essentials is a membership-based organization. When you take our programs, you also become a member! All program participants receive complimentary 1-full year of access to the Clinical Toolkit - A collection of system-based resources, videos, articles, and additional CME. This is included in your program registration and highly rated by our members. This is a subscription-based membership and will renew annually for only $49.99. You may opt out of renewals at any time.

Reviews
