

Program Overview for Employer Approval

Program Purpose

The PPE Emergency Medicine Board Review Series (also known as the Emergency and Urgent Care Medicine Mastery program) is a highly comprehensive online curriculum designed for Nurse Practitioners (ENPs) and Physician Assistants (PAs) practicing in Emergency Medicine, Urgent Care, Acute Care, or Critical Care. It is tailored to ensure clinical readiness for high-acuity shifts, serve as a lifetime clinical reference, and guarantee a passing score on initial or recertification board exams (CAQ for PAs, ENP for NPs).

Format & Investment Options

This entirely online program allows for flexible, self-paced learning and awards **up to 90 CME/CE Hours** (including up to 20 Emergency Procedure Hours and 25 Pharmacology Hours for NPs, or 90 Category I AAPA CME for PAs) depending on the package selected.

Form	Cost	Core Inclusions
The Total	$995	Includes the Core Review Module, the 1,700+ QBank, Flash Cards & Stimulus Review, Audio
The Core	$595	60 hours of video lectures, 1-year access to the PPE Clinical Toolkit, and Lifetime Access. *(Ideal*
The QBan	$595	1,800+ practice questions with full answer explanations (pictures/audio) and a

**The Pass Guarantee (exclusive to the Total Package) stipulates that if the provider does not pass their board examination after completing the package, PPE will cover the exam re-take fee.*

Core Curriculum & Clinical Competencies

The content directly matches the AANPCB blueprint for ENPs and exceeds the blueprint for the PA-CAQ examination in Emergency Medicine.

- **The Core Module (60 Hours):** High-yield video lectures with section-based review questions that serve as both an exam review and a long-term clinical reference manual. Includes an airway course required for certification.

- **The QBank:** Over 1,800 practice questions formatted identically to the actual exams, helping to solidify the provider's knowledge base and track clinical weaknesses through a custom dashboard.

- **Bonus Modules (Total Package):** 1,000 high-yield flash cards, hundreds of visual stimulus images (Radiology, Dermatology, EKGs), and a 2,000+ clip Audio Review playlist to reinforce critical clinical concepts on the go.

Value & ROI for the Practice

Approving this continuing medical education will directly benefit the clinical environment in several key areas:

1. **Accelerated Onboarding & Clinical Confidence:** The curriculum is organized to prepare new providers for their first shift better than standard graduate school transition, bridging the gap to competent, independent practice.

2. **Malpractice Premium Reduction and Improved Hospital Credentialing:** Certified advanced practice providers may be eligible for reduced insurance premiums and experience improved credentialing results. The curriculum prepares providers to pass the certification examination offered by the AANPCB and the AAPA.

3. **Guaranteed Certification Success:** The Total Package's pass guarantee ensures the practice's investment yields fully certified, credentialed providers without the financial risk of failed attempts.

4. **Comprehensive Lifetime Resource:** Rather than a one-off seminar, this program acts as a permanent, searchable clinical reference tool that providers can utilize long after the exam is over to inform complex diagnostic decisions on shift.

About our Instructors

All of our physician instructors are residency-trained, board certified, and currently practicing in their specialty. Advanced Practice Providers must demonstrate maturity in their field and a strong ability to communicate to medium-sized audiences. All procedural competency is verified and demonstrated to lead faculty prior to live education. We require a minimum of 5 years of clinical experience and undergo an intensive training process to ensure all of our faculty members intimately understand and communicate the topics they teach. We invest much time onboarding our instructors to ensure they provide the best learning experience possible.

Group/Custom Programs

In addition to our physical locations, we can create and customize a program for your organization. We can can come to you, or you can come to us. We are also able to reserve an entire event weekend for your group. For more information please call (239) 404-2073.

Accreditation for Nurse Practitioners and Physician Assistants

This activity has been reviewed by the American Academy of Physician Associates Review Panel and is compliant with AAPA CME Criteria. Credits are accepted by the AANPCB for ENP certification, and include emergency procedure credits required for board eligibility.

The Clinical Toolkit

Provider Practice Essentials is a membership-based organization. When you take our programs, you also become a member! All program participants receive complimentary 1-full year of access to the Clinical Toolkit - A collection of system-based resources, videos, articles, and additional CME. This is included in your program registration and highly rated by our members. This is a subscription-based membership and will renew annually for only $49.99. You may opt out of renewals at any time.

Reviews

You can find testimonials of our programs HERE:

We have 5.0 stars on Google and 5.0 stars on Facebook. Our internal ratings overall for this program are 4.86 based on feedback from all program participants. Of the thousands of people who have taken our program, we are proud we are delivering what we promise.

Other Programs

In addition to our Emergency Medicine / Urgent Care Professional Development Package, we also offer live programs that offer Emergency Credits:

These programs can be combined with this development package to create a custom conference experience. You can learn more about Emergency Nurse Practitioner (ENP) offerings HERE.

Online Programs

All of our live programs are available as online enduring programs as well, and award the same CME credits. These can be added to any live program for a bundled discount.

Program Price

The Emergency Medicine / Urgent Care Development Package is regularly priced at $995 and includes the Toolkit membership, Core module, Question Bank, Stimulus Review, and Flash Cards. The program provides 90 CME credits,
